

**We look forward to welcoming you
to our offices in Poschiavo.**

Travelling by car

To reach our offices from the north or the south, simply follow the signs marked with the «Repower» logo along the main road. Clearly marked parking spots are available for visitors to the left of the main entrance to Repower.

Travelling by rail

From the main entrance/exit of the railway station walk around 150 metres until you reach the main street. Turn right at the Rio cinema (Kino Rio) and continue along the main street for about 100 metres until the road curves to the left. Then, instead of going over the bridge, continue straight ahead for around 200 metres until you see Repower's administrative building on the right. You will find the reception area on the ground floor. Please call +41 81 839 7111 if you require further assistance.
